

mudassar.**work**

brand style guide

The visual identity of mudassar.work – web development,
AI automation and SEO, handled end to end.

the logo

A split circle holding a bold lowercase **ms**. Half solid, half open: the work and the space around it. The wordmark pairs a light **mudassar** with a bold **.work**.

Primary logo. Use on light backgrounds.

Reversed. White version for dark backgrounds.

Badge only. Avatars, favicon, stamps.

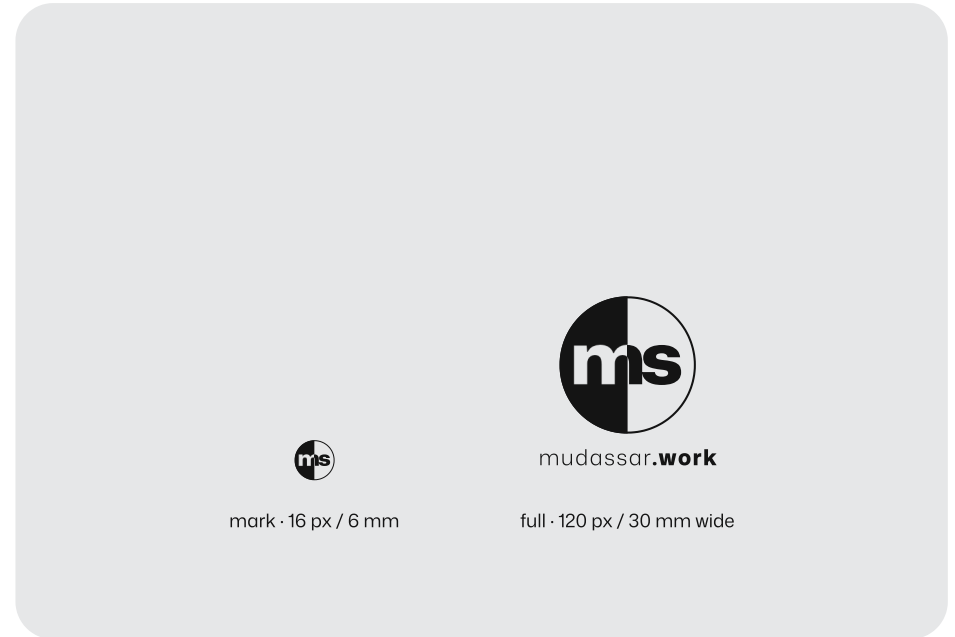

space & size

Clear space. Keep a margin of **x** around the logo, where x is half the badge's radius. Nothing enters this area.

Do use black or white only.

Do place on plain, high-contrast backgrounds.

Minimum size. Below these sizes switch to the badge on its own and keep it on a plain background.

Don't stretch, rotate, outline or add shadows.

Don't recolor, or place on busy photos.

color

Strictly black and white. Contrast does the work, so colour never competes with the content.
